

Oregon Is Awesome!

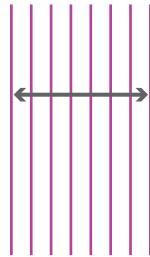

YOUR ALMANAC OF WONDERFUL OREGON THINGS

Organized by date, January 1st at the top and December 31st at the bottom.

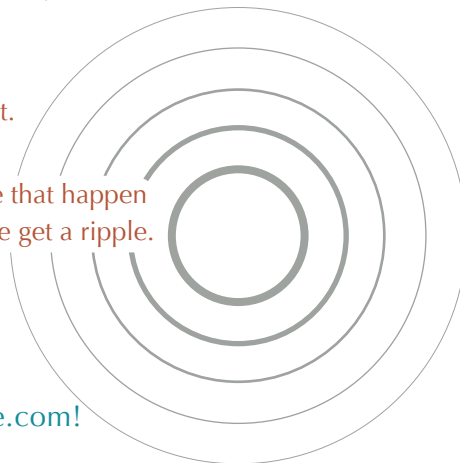

Solstices & Equinoxes are marked to help you track the passage of time.

An underlay orients the events geographically. Coastal events on the left, Eastern Oregon events on the right.

○ Events which happen on a specific date are marked with a dot.

Those that happen over a period of time get a ripple.

Did I miss your favorite event?
